

High-ORAC Fruit Blend

WHAT IS VITABERRY™?

- **VitaBerry™** fruit blend from VDF FutureCeuticals is a proprietary combination of freeze-dried whole fruit powders and extracts.
- **VitaBerry™** offers consumers a way to supplement their diets with an all-natural, all-fruit product that can help combat oxidative stress and resultant oxidative damage caused by free radicals.
- **VitaBerry™** combines the nutritional benefits of Wild Blueberry, Cranberry, Raspberry, Strawberry, Prune, Tart Cherry, Wild Billberry and Grape.
- Utilizing our technology and expertise as one of the largest freeze-drying specialists in the world, VDF Futureceuticals is offering **VitaBerry™** real-fruit blends for nutritional supplements of unparalleled value.

WHAT ARE THE HEALTHY BENEFITS OF VITABERRY™?

- **VitaBerry™** provides the finest high-ORAC blend of 100% fruit antioxidants and is loaded with potent fruit polyphenols, anthocyanins, proanthocyanidins, ellagic acid, chlorogenic acid, resveratrol, and quinic acid.
- One gram of **VitaBerry™** provides 6,000 ORAC units of antioxidant capacity...the average ORAC value of five servings of fruit and vegetables is 2,500 units.
- **VitaBerry™** provides many benefits:
 - Promotes Healthy Aging
 - Promotes Cardiovascular Health
 - Promotes Healthy Brain Function and Mental Acuity
 - Promotes Healthy Blood Sugar Levels
 - Promotes Urinary Tract Health
 - Promotes Healthy Skin
 - Promotes Healthy Vision
- **VitaBerry™** Product Opportunities:
 - Nutritional Supplements
 - Capsules and Tablets
 - Nutritional, Snack and Meal Replacement Bars
 - Ready-to-Mix or Ready-to-Drink Beverages
 - Healthy Weight Management Products
 - Sports and Energy Applications
 - Glucose Management Products
 - Anti-Aging Supplements

WHY IS VITABERRY™ THE SUPERIOR HIGH-ORAC BLEND?

- High ORAC fruit blends are not all built the same.
 - Some companies use barks, herbs and other NON-FRUIT products to spike their "Fruit" antioxidant blends!
- The powerful benefits of REAL berries are attributed to uniquely high levels of compounds called *Polyphenols*.
 - Polyphenols are powerful flavonoid antioxidants which may protect us against the effects of chronic diseases associated with aging by inhibiting free radicals.
- There are no isolated chemicals, trees, shrubs or herbals in **VitaBerry™**.
- **VitaBerry™** brings much more to the table than high ORAC values...we have gone the extra mile to establish specific polyphenol levels in a well-rounded, robust blend that sets a new industry standard!

WHO NEEDS SUPPLEMENTATION FROM VITABERRY™?

- Everyone who is not getting the recommended five or more servings of real fruits and vegetables a day!
- Extensive research suggests that excessive free radicals are potential precursors to development of chronic diseases including inflammation, heart disease and cancer.
- The natural antioxidants in **VitaBerry™** promote healthy protection against this free radical damage.
- From athletes, who have increased levels of free radicals in the blood from aerobic exercise, to dieters, who may not be ingesting sufficient levels of beneficial antioxidants, **VitaBerry™** is the solution.
- **VitaBerry™** should be provided in combination with every diet program.
